SUMMARY

Highly motivated Full-Stack Software Engineer with over two years of experience in blockchain development. Proven track record of delivering high-quality, user-friendly web interfaces and applications utilizing the MERN stack. Demonstrated expertise in smart contract development, decentralized applications (dApps), and blockchain integration using technologies like Ethereum, Hyperledger, and Solidity. Eager to contribute expertise and leadership to a dynamic team, driving digital transformation and pioneering innovative blockchain initiatives.

SOFT SKILLS

- Efficient Communication Skills
- Multitasking
- Time Management
- Problem-Solving
- Teamwork
- Attention to Detail

HARD SKILLS

UI Designing

Version Control Systems (Git)

Programming Languages (front-end and back-end)

APIs and Web Services

Decentralised Applications (dApps) development

Blockchain Fundamentals (distributed ledgers, cryptography, consensus mechanisms)

EXPERIENCE

January 2024 - Till
date

- **Full-stack Software Engineer and Blockchain Developer (Intern)**
DLTAfrica, Ota, Ogun state, Nigeria
 - Currently building decentralized applications (dApps) that interact with blockchain networks.
 - Uses version control systems like Git to manage code changes and collaborate with other developers.
 - Wrote 90% secure and efficient smart contracts using languages like Solidity (Ethereum) or Hyperledger Fabric.
 - Improved the speed and scalability of blockchain applications by 30%.
 - Improved code maintainability and reduced the number of bugs by 15%.

April 2024 - May
2024

- **Web2 Developer**
DLTAfrica, Ota, Ogun state, Nigeria
 - Integrated the dapp with the underlying blockchain network and smart contracts, enabling staking functionality in collaboration with the team.
 - Collaboratively designed an intuitive and user-friendly dapp experience for effortless cryptocurrency staking.
 - Co-developed a compelling user interface (UI) for seamless interaction with the staking dapp.
 - Tracked the total amount of cryptocurrency staked through the dapp.
 - Collaboratively achieved a 20% surge in the number of users staking on the dapp, demonstrating successful user adoption.

EDUCATION

2018 to 2022

- **Industrial Chemistry**
University of Ilorin
Bachelor's degree

CERTIFICATIONS AND PROFESSIONAL TRAININGS

- **Website Development Basics, 2022**
Softrays IT Centre, Ilorin, Kwara state, Nigeria
- **Full Stack Software Engineering and Block Chain Development, 2024**
DLAfrica, Ota, Ogun State, Nigeria
